

COOCHIEMUDLO | VICTORIA POINT FERRY & BARGE

Coronavirus (Covid-19) Announcement

The health and safety of Amity Trader's staff and passengers is our priority. We are monitoring the Covid-19 situation daily and we are following the advice of the health authorities and the Federal and State governments when making decisions about our operations.

Actions we are taking to minimise the risk of COVID-19

Amity Trader has always had high standards for health, safety, hygiene and cleaning. Our staff are trained with the latest hygiene protocols and as an extra precaution we're stepping up our routine including intensive cleaning at night and extra sanitising during the day. We will continue to monitor and maintain these practices in accordance with the health advice. We have made additional hand sanitisers and cleaning stations available to our employees to exercise good hand/hygiene practices. In addition:

- **Amity Trader's Barge Office will close with staff working from home.** For barge bookings and enquiries please either phone **3820 6557** or email bookings@amitytrader.com
- **Please pay for tickets with EFTPOS or credit card not cash.** If you must pay in cash please have the correct amount to place into a container we will provide to minimise transmission risk.

If you are unwell please stay home. If you must travel:

- **Our preference is you wear a mask and travel on the barge in your own car**
- If the above is not possible, please **wear a mask and travel on the barge** keeping a social distance from anyone else and avoid touching hand rails when it is safe to do so.
- If the above is not possible and you must catch the ferry, please **wear a mask and sit outside on the back deck weather permitting.**

Actions you can take to minimise the risk of COVID-19

The most important thing is to wash your hands and avoid touching your face. To protect yourself and others please follow Queensland Health's advice, including:

- ✓ **Staying home if you are unwell. If you have cold or flu-like symptoms, you should seek your doctor's advice. Avoid contact with others. Consider deferring travel.**
- ✓ Wash your hands frequently with soap and water for at least 20 seconds, before and after eating, and after going to the toilet.
- ✓ Wash your hands before getting onto the ferry or barge
- ✓ Cover your cough and sneeze, dispose of tissues, and use alcohol-based hand sanitiser.
- ✓ Exercise personal responsibility for social distancing measures (as per government regulations).

To maintain your health and protect others keep up-to-date with the latest travel and health information from the Australian Government here www.health.gov.au.

Thank you for your understanding and continued support during these challenging times.
